International Logistics Company

Professional solution of all your logistics tasks

www.continent-pro.net

ABOUT US

- Our logistic company was founded by professionals with more than 10 years of experience. We provide an individual approach to every customer taking into account all special requirements to carry out his logistics tasks.
- We offer a wide range of logistic services and effective solutions in cooperation with our strategic partners and representatives in the Persian Gulf countries and the Middle East. It is our primary activity in which we have achieved significant results in the area of logistics and foreign trade.

MAIN SERVICES

1. Calculation and selection of the optimal route for cargo delivery

2. Arrangements for delivery of cargoes to the Persian Gulf countries, the Middle East, abroad, to Russia and CIS

3. Customs clearance for import, export, and re-export

4. Assistance and support in preparation of documents that are required for import or export

Calculation and selection of the optimal route for cargo delivery

- Our specialists will help you calculate all logistics expenses quickly and accurately, build a transportation route of goods in the most advantageous and optimum way (shipment by sea, air or land) involving only proven and reliable partners. Our company organizes this process as efficiently for the customer as possible, with minimal time and monetary expenses.

The logo for Continent Pro features a stylized blue and red arch above the text "Continent Pro" in a bold, black, sans-serif font.

Arrangements for delivery of cargoes to the Persian Gulf countries, the Middle East, abroad, within Russia and CIS

- You will not need to spend time for finding shipping companies and concluding contracts with them, examination and comparison of rates for customs clearance and making provisions for cargo insurance. These complex services will be rendered by our professionals, who are real experts in their field.
- Direct contracts signed between Continent PRO LLC and leading players in the airline transportation market of the Arab world such as Qatar Airways, Emirates make the delivery of goods affordable for all participants of foreign economic activities.
- Continent PRO LLC provides services on delivery of documents, letters and small parcels worldwide. Thanks to the cooperation with the major international shipping companies, we will deliver your mailings worldwide at the best price and in the shortest possible term.

Continent Pro

Customs clearance for import, export, and re-export

- When working on customs registration of cargoes, we consider each case in the individual manner. We will give advice on selection of HS codes and help you perform all settlements and optimize all customs payments, provide advice and assistance in obtaining all necessary permits for the customs clearance of the cargo.

Assistance and support in execution of documents that are required for import or export

- An essential element for the successful start of the export and import transaction is a professional translations of all accompanying documents as well as their certification and legalization. Professional translators of our partner company will help you cope with these tasks efficiently and in the shortest possible term.
